Dear Sir / Madam ,

APPLICATION FOR SL1M-RESEARCH ASSISTANT

I wish to apply to join the SL1M program as a research assistant at UNIMAS.

I recently finished my degree on 09 January 2017 and am expected to graduate on November 2017. Besides that, I am a diploma holder in Quantitative Science from Universiti Teknologi Mara Sungai Petani.

Along with good academic qualification, my computer skills are very good, and I have an excellent record as a reliable and productive employee during my internship period at Tenaga Nasional Berhad Bangsar.

For your perusal and evaluation, I have enclosed my resume which includes my academic qualifications, skills, training and accomplishments as a student, and a photocopy of my official academic transcript for your evaluation. Should you wish to ask about my personal traits and capabilities, I have also included a list of references for you.

I can be reached anytime via email syazwanimohdnoor26@gmail.com or through phone at +60124454575.

Thank you for your kind cooperation.

Kind regards,

Syazwani

(Nurul Syazwani Binti Mohd Noor)
