Dear Sir/Madam,

APPLICATION FOR THE POST OF ENGINEER IN YOUR COMPANY (SL1M)

My name is Muhammad Ridhwan bin Mohamad Yahya and I wish to apply for the position of engineer in response to the information that I have required from www.worshire.com. I am also keen to explore any other entry-level positions available.

I have completed my Bachelor of Engineering (Mechanical-Automotive) from International Islamic University Malaysia which graduated in October 2016.

I am very interested in pursuing career in the field of engineering. I have completed a wide range of subjects that provide me with a firm base of knowledge and skills relevant to the mechanical and electrical engineer.

I have undergone internship program in MS Performance for 3 months. A company which involved in the superbike tooling and modifications. In the company, I have been trained to focus on safety as the number one priority. As for my final year project, I have been given a task on creating a lightweight body armour and runs it (simulation) using a computer aided engineering software called Ls-Dyna. I am determined and eager to gain new knowledge in order to reach the company's expectation.

I believe that my knowledge and skills will help me contribute a great deal to your company. Above all, I possess the interest and determination to perform well in the position you are offering.

Attached are my 3-page resume along for your kind perusal. I look forward to meeting with you to discuss the position further. I can be contacted at +6016-809 1903 and the following email address: ridyhy@gmail.com. Thank you.

Sincerely,

Muhammad Ridhwan bin Mohamad Yahya
