Dear Sir/Madam

**Application For Electrical Engineer Executive Position**

I was excited to see your opening for SL1M Trainee, and I hope to be invited for an interview. I am writing to apply for this position of which I saw advertised in Workshire . I am a fresh graduate from University Malaysia Pahang with degree (hons) in mechatronics engineering.

Herewith I attached my curriculum vitae as it could be able to provide you some information on my educational background as well as my job experiences. I had my internship at LD Technologies Sdn Bhd and from that I was able to develop my skills and broaden my knowledge in this field of my specialization.

Having mentioned my qualifications, I hope my skills and knowledge match the position advertised and I would welcome the opportunity to discuss my application with you in detail.

Looking forward to hearing from you soon.

Thank You.

Your Sincerely,

Intan Yasmin
