Personal statement

A fresh graduates who lack experience in networking, currently seeking a position as an Junior Executive. I am a talkative person with a good personal relation skill, used to work as a temporary teacher in middle school for a short period of time. Currently, I am a SL1M Trainee Malaysia Airport Holding Berhad (MAHB) trainee in Kota Bharu Airport. I am someone who takes work ethics very seriously and loves to communicate. Good, bad or ugly, I believe that good communication is the most important factor to reach an efficient organization. I also believe that everything in this world can be learned if we are given the opportunities.
