CGPA – 2.71/4.00

Financial Investment Project

Effect of the 2008 Global Financial Crisis on the Financial

Performance of Public Listed Construction Companies in Malaysia

Conducted exploratory research to study the impact of 2008 global financial crisis by using companies' financial data based on an analysis of 10 year's financial statements. Researched over 44 public listed construction companies, formulated relevant ratios for Altman Z-score test and interpreted the strategies used by firms to withstand the crisis.
