OBJECTIVE

I am a chemical engineer fresh graduate from Universiti Malaysia Sabah (UMS). Currently, seeking for a career. My main objective is to apply my knowledge, skills and commitment in a related position. I am also interested to contribute in other profession. Willing to learn other skills and keen to work with my outmost responsibility.

EDUCATION BACKGROUND

Universiti Malaysia Sabah (UMS) (2013-2017)

Bachelor of Engineering with Honours (Chemical Engineering)
CGPA: 3.15

Pre-University, Matriculation Labuan KPM (2012-2013)

Science Programme, CGPA:3.56

Sekolah Menengah ST Michael, Sandakan (2007-2011)

SPM : 4A,5B

WORK EXPERIENCES

- Industrial Training (June 2016- Sept. 2016)

IOI Edible Oils Sdn. Bhd. Sandakan

Was assigned as a research assistant in QA/QC department and Processing plant. I managed to improve my laboratory, analytical and reporting skills, learnt several palm oil quality test, HACCP, GMP, Process Equipments and its operational condition.

- Part time (2012)

Pusat Klinik Bergerak Dr. Adinin

Assistant in private clinic, where I earned an experience on how to interact and response nicely to the customers and patience come from various races and ages.

INTEREST

- Hiking
- Cooking
- Travelling
- Singing

PERSONAL STRENGTH

- Polite
- Ability to work as an individual or in a group
- Quick learner & eager to learn something new
- Able to adapt to new environment
- Friendly

COURSES TAKEN

- Safety and Loss Prevention
- Environmental Engineering
- Project management and Process Economics
- Chemical process principles
- Process simulation & Optimisation
- Electrical Technology
- Separation Process
- Management & Accounting
- Food Process Engineering
- Petroleum Downstream Processing

EXTRA CURRICULAR

- | | | |
|-------------------|---|---|
| March /April 2016 | : | Joining netball competition |
| April 2015. | : | Contributed as vice secretary of 8 th Chem-E-Car Competition |
| 2013/2014 | : | Joined Paramedic |
| March 2013 | : | Contributed as Ketua Exco Urusetia Program Ziarah Warga Hospital |
| March 2013 | : | Runner- up, 6 th Chem-E-Car Competition |
| 2012/2013 | : | Contributed as Ketua Exco Publisiti, Unit Kaunseling, Kolej Matrikulasi Labuan. |
| 2012 | : | Green Belt in Taekwondo |
| 2011 | : | Received “ Anugerah kecemerlangan Murid”, Science Course, Form 5. |
| 2011 | : | Contributed as Director of school’s Cooperation club. |
| April 2010 | : | Joined hockey competition, MSS Sandakan zone. |

PAST PROJECTS

Final Year Project

- Title: Adsorption Isotherm of Palm Oil Carotene onto Specific Commercial Adsorbents.
- In this project, I managed in improving time management, solving problems related to the project, team works and reporting skills.

Plant Design

- Title: Natural Rubber Glove Manufacturing Plant
- I learnt basic manufacturing process of rubber glove. Design the plant with specific capacity based on demand of the product in specific area, sizing of main equipments, improved in drawing skills and learnt other related engineering designing softwares.
