NOR EZANY

YOUR COMPANY NEXT TOP STATISTICIAN

OBJECTIVE

To wind up connected with a company where I can showcase my knowledge and experience in research and statistical skills and gain further experience while upgrading the company's productivity and profits.

WORK EXPERIENCE

Statistics Consultant

2015 – Present

- Provide personal statistical consulting for those who sought statistical advice. Help clients to come out with a proper statistical tool in assessing their problems at hand. Most of my clients are studying Masters and PhD.

Market Research Intern

Cardas Research & Consulting Sdn Bhd
September 2014 – November 2014

- Conducted in-depth company and industry research by evaluating consumers' satisfaction survey. Used both primary and secondary research tools such as telephone, Internet, proprietary databases to get information regarding consumers.
- Conducted phone interview via computer-assisted telephone interviewing (CATI).
