Dear Sir / Madam,

APPLICATION FOR SL1M TRAINEE

It is giving me a great pleasure to submit my application for SL1M Trainee according to my qualifications and precede prior appreciation on your part time to go through it.

2. I graduated from Universiti Malaysia Pahang (UMP) in Industrial Chemistry. I undergo industrial training or internship program, at Petronas Chemicals Low Density Polyethylene (PCLDPE) for 6 months. I gain valuable experience and being exposed in oil and gas industry while doing my internship under Centralized Laboratory at PCLDPE.
3. During my internship, I also undergo an attachment at Centralized Laboratory of Petronas Chemicals Ethylene & Polyethylene (PCEPE) for a month, studying and learning about the water analysis and polyethylene analysis.
4. I am truly interested in the competitive remuneration packages and career opportunity offered onto this company. This is a position I feel equipped to fill since I love to gain more knowledge and willing to learn and meet new challenges. I believe with my enthusiasm, initiative, and my pioneering spirit, I will be able to develop my interpersonal skills and contribute positively towards your organization's success.
5. Enclosed is my resume for your review which provides additional information on my background, qualifications and achievements. I am eagerly looking for your positive feedback from your company.

Thank you for your time and consideration.

Sincerely,

FATIN NUR NAZHATUL SHAHIRAEH BINTI AZMI
