Dear Sir/Madam

**Application for the Position of Civil Engineer**

I would like to apply for the above-mentioned position which was advertised recently. I am a graduate from University Malaysia Sarawak with a Bachelor Degree of Engineering with Honours (Civil Engineering).

2. I am interested in working at your company and I am confident that I have the essential academic background to do the job well, to take responsibilities and communicate with the clients, if need be in order to achieve your Company's business objectives and goals. I have the capabilities and creditability in executing the duties of the vacant position. I am a responsible, mature, highly-motivated person, able to work independently and willing to handle challenges and difficulties.

3. Besides, for my industrial training, I have been to the construction sites and get used to the surroundings as well as gained some experiences regarding different civil engineering works. I also have gained the team work skills when participating in the activities organized by the school and university. With this experience, I believe I will be able to cooperate with the project team well. I am sure that I will become a useful member of your team in your company. I attach herewith my resume for your review. I am available to be called for interview at your convenience.

4. Your kind consideration in my application would be highly appreciated.

Thank you.

Yours sincerely

(Dayang Nuriyliana Afiqa Bt. Abang Bakeri)
