RE : **Application for fresh entry electrical engineer**

Currently i have finish my study in **Bachelor Of Engineering Technology (Hons.) in Marine Electrical And Electronics** at **University Kuala Lumpur (Malaysian Institute Of Marine Engineering Technology)**.

As an electrical and electronics engineering student, I have been exposed to the electrical and electronics system for shore and marine system in industrial environment. I also familiar with the system that use the electrical controller, electrical wiring, and electronics board.

I would really appreciate it, if you could accept me as your staff in your company.

Enclosed is my resume for your perusal. I appreciate your consideration and look forward to your favorable response.

Thank you
Best regards,
(KHAIRUL HAFIZ B A RAZAK)
