Tzone Computer Sales and Services

Nov 2015 until Apr 2016

EDUCATION

DIPLOMA IN INFORMATION AND COMMUNICATION TECHNOLOGY(NETWORKING).

Politeknik Ungku Omar, Ipoh, Perak

2013-2017

SIJIL PELAJARAN MALAYSIA

Sekolah Menengah Kebangsaan Desa Kencana

2013

FIELD OF STUDY

Open Source Server Administrator, Network Essential, Network Design, Network Security, System Analysis and Design, Network Programming.

FINAL YEAR PROJECT

It is a device developed with water sensor and Arduino that acts as an alarm when the sensor detects water. The water sensor is placed near at the river so that when the river water level rise and hit the water sensor, the Arduino will automatically triggered and send alert notification through Telegram apps.
